Cooperation is the name of the game in 1973 Tigerland. Freshmen, sophomores, juniors, seniors, faculty, and administration have worked together to make this the great year it has been. We each do our thing — working for the Tiger.

Senior year is not all fun and games. Under Mr. Gibbs' watchful eye, fourth-hour trig class learns to solve trigonometric identities. Members of the "elite" math group are: FRONT ROW, Carolyn Pamplin, Larry Zeller, Jean Merideth, and Robin Pitts. BACK ROW, Bob Aubrey, Kevin Robbins, Connie Massey, and Geary Trigleth.

Keith Kalanich gives his full attention to the test he is taking. Keith moved to Wewoka during second semester.

First semester class officers, along with Coach Secrest, senior sponsor, discuss plans for the senior homecoming float. Officers are, left to right, Jean Merideth, president; Kevin Robbins, treasurer; Pat Robinson, vice-president, and Vickie Parks, secretary.

Craig Crenshaw enjoys the warm sunshine as he waits for the early morning bell to ring.

Amelia Leitka, left, and Geary Trigleth have found a new way to waste class time. The good thing about bubble gum, they've discovered, is that you can "study" and "blow" at the same time.

Perhaps Indian wrestling isn't an old Indian custom, but Curtis Kinney, left, and Solomon Miller use this method to see who is the "chief" senior.

Boys' State is sponsored by the local American Legion Post. Delegates look over information about the week-long session. SEATED Johnny Hargrave, John Payne, and Bill Trigleth. STANDING are Steven Tucker, and alternates Bob Aubrey and Rick Berg.

Girls' Staters study a map of their state in preparation for the Girls' State session, held on the East Central campus. Delegates are, Vickie Parks, Sandy Cohen, and Pat Robinson. Alternates are, left to right, Jean Merideth, Marsha Jackson, and Polly Sommerfeld.

Dear Brenda,

My pick of annual queen would have to be Anita Kendrick. With all the things she has achieved I think she's the best choice. She is obviously very good looking but so are the others, so I didn't choose her on looks alone. I'm enclosing a picture with my Sugar Bowl Trophy, and hope you will use it in your yearbook. Thank you for letting me select your queen.

Sincerely yours,
Tinker Owens

FHA Becomes Involved

FHA'ers Promote Joys And Satisfactions of Homemaking

Learning to work together is one of the FHA goals. In the past couple of years this group of girls has become one of the most active in school. This is due in part to the young ideas and leadership of Beverly McCombs. Even during the summer the girls were not idle. Sandy Cohen, Vickie Parks, and Jean Merideth attended the officers planning session at Maud, while Vickie attended the National FHA convention in Los Angeles. The beginning of school and the fall season brought around many activities of the girls. They attended the Sub-District Rally at Holdenville and the State Rally in the Myriad convention center, Oklahoma City. They also played their part in civic affairs. During the Christmas season they sang at the nursing homes and later in the year, they participated wholeheartedly in a Muscular Dystrophy drive.

But having a good time is also important to these girls. Their pot luck supper, Halloween costume party, and the Mother's Tea are a few of the social pleasures enjoyed by the girls. Mixing work with fun, the Future Homemakers fulfill the goals and purposes of their organization. Learning to handle responsibilities and serving the community will indeed, make them Future Homemakers of America, and put them on the road "Toward New Horizons."

Installation of the FHA officers is an important and formal affair. Officers are from left to right, Jackie Murray, parliamentarian; Donna Davis, historian; Martha Kinney, secretary; Jean Merideth, reporter; Sandy Cohen, vice-president; and Vickie Parks, president.

Gain Experience

Starting off with a new team presented a problem this year for the Tigers. With a 2-8 season the Tigers fell behind the typical season usually produced by the Orange and Black. The Tiger defense held up unusually well and kept the Tigers in each game, and the offense also added a few bright spots although the season was not what we would have liked it to be.

As the season progressed, the Tigers gained confidence as well as experience. Throughout each quarter the improvement of the team showed. The new team jelled in the last two games against Durant and Seminole with the mighty Chiefs able to sneak by 14 to 7. With the exception of Ricky Berg and Dexter Hunt the Tigers Team will be back in full strength. The show of strength and determination exemplified by these young new Tigers predicts a winning season next year in the Orange and Black tradition. Pictured below are outstanding students recognized by the school for their efforts in athletics. They are, l. to r., Ricky Berg, Tony Smith, Barry Tucker, and Al Roberts.

Tiger Roundballers Give Kedy A

Coach Kedy's last season has been matched with his great tactics and amazing ability from his players. This winning combination with the Tiger attack averaging 53 points and its defense holding the opposition to only 44 points per game has made Coach Kedy's final season one to remember. The roundball season has the best promise of taking state in 1973 since 1967. It will be up to the players like Rick Berg, Joe Samilton, Gary Alford, Al Roberts, and Johnnie King to keep up their great play. Since winning the District the Tigers have advanced to regional play and hope state is not that far away.

Starting the game, Rick Berg goes in first for the Tiger line-up. Berg gave the team the best of both offensive and defensive play. His cool head and great play under the boards made him an unequalled asset for the Orange and Black.

Wewoka's A team whose performance for Coach Claude Kedy's last year as WHS basketball coach was outstanding. The team

TOP ROW: Coach Kedy, Rick Berg, Gary Alford, Johnnie King, David Kedy, and Tony Smith.

Season to Remember

Gary Alford, number 50, standing 6'6", tiptoes for a layup against Cushing. Though Alford was a fine offensive player, his extraordinary ability to block shots and cover his area led him to be one of the most valuable defensive players on the Orange and Black squad.

Al Roberts, short on height but not on ability, takes the offensive for an impressive shot. Roberts was a continual spark to the Tiger offense.

Wewoka's B team had an outstanding win-loss season of 14 to 2. The players are, left to right, bottom row: John Payne, Johnny Whitfield, Victor Abraham, David Kedy, Freddie Griffiths; top row: Coach Jim Lawson, Steve Billingsley, Roy Rogers, Fuzzy James, Danny Jackson, Keith Riddles, Randy Chaney, Ray Dean Hunt.

Tiger Cubs "Something to be Proud of"

Wewoka Freshman athletic program has produced an average football year with a win-loss record of 3-4 and 1 tie. Though the record was not impressive, there are some fine prospects for next year's varsity squad.

The basketball team took all the honors this year with a win-loss of 18-2. Their outstanding play helped earn them first place trophies at the Okemah tournament, second place at the Meeker junior high tournament, and the five-star conference crown title. With the help of 6'2" Edward Alford and outstanding play by Clyde James and high point man George Roberts, the Cubs are our kind of Tigers.

The Frosh basketball team are BOTTOM ROW: Stanley Barrowman, Bobby Asberry, David Williams, Robert Pattison, Ronnie Holly. TOP ROW: John Fleming, manager; Clyde James, Gary Davis, Floyd Jackson, Edward Alford, George Roberts, Terry Luper and Coach Gene Stephens.

Karen Keen Makes Home in Wewoka

Pictured above are Karen and her American "parents", Mr. and Mrs. James Harrod. Karen is scheduled to spend her year with three other families, the Darwood Tuckers, Louie Cohens, and the Weldon Stouts.

BELOW. Here Karen receives tips on wearing make-up.

Karen enjoys talking to friends in Dramatics Class. She entered in several speech contests.

Located near Australia is a small English province named New Zealand. It was this country from which Wewoka was privileged to become the home of Miss Karen Keen, a Rotary exchange student. At eighteen years of age she has many interests and talents. Her future included plans to become a policewoman in New Zealand. Karen noticed many differences in America. New Zealand is largely socialistic where America is a democracy. In many respects Americans seemed lazy to Karen. In New Zealand there aren't many cars and everyone walks. Here they drive. School here is also different. She seemed to think that we waste too much time in class. Her attitude toward studying was more serious also.

Karen was quick to get acquainted. Many students were anxious to meet her out of curiosity, but her warm smile and personality soon made friends with everyone. Her fresh ideas and customs gave us all something to remember forever.

Yearbook editors, Debbie Harrison, and Brenda Jackson show Karen how a yearbook is put together.

Mr. Gaines completes Karen's class schedule. Her six hour load consisted of American History, English IV, Arts & Crafts, Dramatics, Home Economics and Publications.
